In-Kind Donation Application

At Arico, we strive to support non-profit organizations that foster people with special dietary needs. Our main focus is to help organizations for celiac disease, food allergies/intolerances, and autism, but we also encourage other organizations that are excited about our products. Please note that although our products are made for those with food allergies and intolerances, we urge you to consult your primary care physician concerning your dietary needs and use of our products.

We'd like to spread the word of Arico Natural Foods by providing you with delicious samples and helpful educational materials. We ask that you please fill out this in-kind donation application and email, mail, or fax it in to Annalisa Gallagher, our in-house Grassroots Marketing rep.

Please tell us about your organization....
